PROFESSIONAL PROFILE

A motivated and adaptable **Bachelor of Business Information Technology student at Dedan Kimathi University of Technology**, with practical experience in ICT support, computer hardware maintenance, networking, software development and ICT business operations. Experienced in computer troubleshooting, hardware upgrades, software installation, customer support, inventory management and basic network support.

I have practical exposure to technologies including **HTML, CSS, PHP, Python, Flutter, FastAPI and PostgreSQL**, together with hands-on experience in computer hardware and ICT infrastructure. I am a quick learner with good problem-solving, communication, teamwork and customer-service skills, and I am seeking opportunities to apply my technical knowledge while gaining further professional experience.
